Dear Erik:

It was great to meet you in person at our first school meeting. Between now and the opening of school we will be planning more events to allow you to become more familiar with your teachers and fellow students. Further, we will have a meeting for your parents in the near future. Sometimes parents have concerns and questions that are best answered by us directly. We want them to become comfortable with all aspects of the programs that we will be using in the new learning center.

At this time, we want to verify the requests you have made for your schedule next year. According to the card you presented at the school meeting, you have chosen the following:

English  
World History  
Physical Science

Algebra  
French

In the event that this record is different from your requests, or if you want to change or talk about these requests, please contact me. Also, assure your parents that they should feel free to contact me if they have questions about your schedule, or about any other phase of the program.

If you would like to speak with me, my phone number at Stagg High School is 974-3300. If I am not available when you phone, please leave a message. I will be happy to return the call.

Once again, I was very happy to meet you. I look forward to getting to know you better in the weeks ahead.

Sincerely,

Mary Anne Hiller
